

WE'VE UPGRADED!

Our system upgrade, provided by Credit Union Consultants, will provide you with great new services. Online account access is coming this month & take a look at our website. It has new features including sound! We're excited about these changes & new services & hope you find it to be the same.

Credit Union Consultants is a "Credit Union only" provider of services & we think that's a definite advantage for KSAGCU.

We're looking for pictures - we're looking for services - because; the website enhancements include a Coyote Family Album & the CoyoteList.

Great things are happening at your Credit Union because of you & we *Thank You!*
